In the case of an overlapping a stage carriage is to ply on the same line of travel for a portion of a notified route and it is immaterial whether it is a small distance of four or five kilometres falling within the limits of a village or town. Whereas in the case of an intersection a non-notified route only cuts across a notified route for onward journey. It is only to enable a private operator plying on the non-notified route to a non-notified route to cut across a notified route. The exceptions sought to be made by Full Bench in the form of municipal limit or village limit is totally erroneous and that the same defeats very object behind the scheme which is for total exclusion of private operation. The consistent view of this court has throughout been that the scheme is law and the same has to be preserved and protected in public interest. Any other view taken contrary to the said view would amount to violating the integrity of an approved scheme under Section 68D of the Repealed Act. Any deviation in the scheme may frustrate the entire scheme.

An example posed by the full bench in its Judgement as to what happens when an operator on a non-notified route has to cut across a notified route by taking "U" Turn on a notified route and then taking left turn to enter on a notified route was not appropriate. In such case it may not amount to overlapping. It would be intersection. There may be a crossing where there is an island in the center and a private operator in order to go from non-notified route as to make a semi-circle of a notified route. In that case also it would be not overlapping, but it would be an intersection because it only cut across the notified route because of size of crossing or traffic regulations" ആലുവ ടൗണിലെ നോട്ടിഫൈഡ് റൂട്ടിൽ കൂടി സഞ്ചരിക്കുന്ന 1.5 കിലോമീറ്റർ intersection ആണോ overlapping ആണോ എന്ന് ബഹുമാനപ്പെട്ട RTA തീരുമാനമെടുക്കേണ്ടതാണ്.

ആലുവ ടൗൺ വഴി ജി.കെ(പി) 42/2009/ട്രാൻ തീയതി 14/07/2009ലെ നോട്ടിഫൈഡ് സ്കീമിലെ താഴെ പറയുന്ന റൂട്ടുകൾ കടന്നുപോകുന്നുണ്ട്.
